General Information and Disclaimers

1. The following Software items and related products are offered to Licensee and its qualified agencies for use only within the United States of America, its possessions, and territories.

2. The listed prices are exclusive of shipping, handling, and any applicable taxes. Delivery terms are FOB Redlands, California. Shipping and handling will be prepaid and charged back, i.e., included in the invoice as a separate item. If desired, shipping and handling charges can be quoted to the customer prior to the placement of the order. Your ESRI Sales Representative can provide a specific quote including applicable shipping and handling charges.

3. Eligible customers may at any time request a specific quote based on this contract from an ESRI sales representative. When selecting items from this contract without assistance from an ESRI sales representative, be aware of the following general rules:

    (a) Volume pricing applies on a per-order and per-item basis unless otherwise indicated. The listed prices must be multiplied by the order quantity to determine the total price for any given order.
    (b) Some products have prerequisites and interdependencies so that one may not be purchased, or may not be functional, without prior or simultaneous purchase of another product. For example, Software upgrades can only be licensed by customers who have already acquired the corresponding earlier version of the Software, and extension Software is only functional in combination with the corresponding core Software. If you have questions regarding your configuration, please contact your ESRI representative for additional information.
    (c) System requirements and platform support vary from item to item. If in doubt whether your system will support a desired item, please contact your ESRI sales representative for additional information.
    (d) Some items are not offered to all potential customers. For example, certain Software upgrades are only offered to customers who have acquired the most recent versions of the Software, and local government licenses are only offered to local government customers.
    (e) Customer must provide adequate facilities for client site training. Certain other restrictions apply. See the Learning Center On-Site training information at ESRI's Web site (www.esri.com/training/site_training.html) for details.
    (f) ESRI Site Training (i.e., Training at one of ESRI's Training Centers) requires a completed registration application form from each student. Registrations are processed on a first-come, first-served basis. We recommend that you submit this registration information at least one month prior to the start date of your class. See the Learning Center registration information at ESRI's Web site (www.esri.com/training/register.html) for details.

4. Support services are defined at ESRI's Web site (www.esri.com) within the user support section. Particular attention should be paid to the fact that some ESRI Software comes with complimentary maintenance for the first year and other Software features different support plans.

5. New Software releases for most Software products are provided exclusively through maintenance programs. In these cases, Software upgrades are not sold separately.

Whereas, the Client wishes to arrange for training of its employees, the following terms shall be followed as applicable.

I. SCOPE

ESRI agrees to conduct training courses pursuant to the terms contained herein. Training may be conducted at Client's site or at an ESRI Learning Center.

Course Description: The ESRI Software training course(s) to be conducted, the location, the dates during which the courses are to be conducted, the number of participants, and the prices to be paid to ESRI are as set forth in the ESRI Course Catalog or at ESRI's training Web site, which is incorporated by this reference. All courses shall be conducted in substantial conformity with the most current ESRI training course brochure(s). ESRI reserves the right to modify course content when necessary due to Software technical abilities or limitations.

ESRI's Responsibility: ESRI shall provide an instructor qualified to conduct the course(s), as well as all necessary training materials sufficient for the number of registered participants. ESRI will provide each student with a course manual.

ESRI's scheduling coordinator, through whom all course(s), dates, and locations shall be confirmed, can be contacted at 909-793-2853, extension 1523.

IIA. UNIQUE ESRI LEARNING CENTER TERMS

Where courses are to be conducted at ESRI facilities, the following restrictions and requirements apply:

- Seating is limited in some classes. Registrations are always processed using a standard student registration application, on a first-come, first-served basis. Waiting lists are used when necessary. Registration applications are attached to every course catalog or are available on the Web or from the Learning Center.
- Class schedules are widely disseminated by ESRI Marketing and the regional offices. The Redlands Learning Center or Scheduling Coordinator works with each Regional Training Coordinator to add classes to accommodate waiting lists where appropriate.
- All class registrants are asked to include proof of payment when they submit their registration application. Prepayment is required by check or credit card in most cases. Purchase Orders may be accepted from U.S. federal, state, and local government organizations, as well as universities.
- Sales tax will be charged where applicable. Some states have enacted an E-Procurement fee for State Government customers. ESRI may also add the E-Procurement fee to the cost of training classes where applicable.
- The tuition includes a $110 data-processing fee, which is nonrefundable. This fee may be charged in cases of short-notice cancellations or due to multiple student transfers. Student substitutions, when a student's place in class is filled by another person from the same organization, are allowed, provided that the ESRI Learning Center is notified in advance. The tuition less the data processing fee will be refunded if the ESRI Learning Center receives notice of cancellation at least six (6) business days prior to the class start date. The full tuition will be charged to participants who cancel five (5) days or less before the class start date or who fail to appear for the class.
- The five (5)-seat volume discount cannot be combined with other discounts and is only applicable when all registrations are received at one time and all registrants attend the class. If a five (5)-seat volume discount registrant cannot attend the class, ESRI will allow student substitution or a transfer of such registrant to attend a future class; however, no refunds will be issued for such nonattendance or cancellation.
- Training classes are confirmed approximately ten (10) days prior to the start date.
- Travel is the registrant's responsibility. ESRI assumes no responsibility for nonrefundable travel arrangement losses resulting from course scheduling changes or cancellations. Even though ESRI strives to confirm all classes, class cancellations are sometimes unavoidable.
